"One thing I know for sure and that is, it is REAL in these spiritual streets! Jesus promised us not only life, but life more abundantly. It doesn't happen just by chance though. We must be vigilant about accessing the promises of God on our lives. We must be strategic in our warfare, intentional in our prayers, and relentless in our praise."

Chronicles of Warfare Reviews

“If there was an award show like the Oscars for books and writers, Temptation Tuesday would get the award for best book of the year, and Melinda Michelle would get the award for best writer/author. This story had me screaming and shouting, I was so captivated by the story that I did not want it to end. Melinda, you have done it again and it was an amazing ride, now where do I purchase a ticket to get on the next roller coaster (Watchful Wednesday)?”

“If you are looking for a series that will awaken your spirit, look no further. The *Chronicles of Warfare* is that series. Your gifts and prayer life are sure to go to the next level. Melinda Michelle reminds us just why she is the queen of plot twists. As the 5th book in the series, *Tumultuous Thursday*, does not disappoint with more twists and turns in the continuing epic fight for the souls of Tallahassee. Just when you think you have things figured out, you don't.”

“[Melinda Michelle] gives us a glimpse into the supernatural and spiritual warfare. We all know we have an angel, but she shows us that they are there to protect us from our own demons, too. With every word I read, the verse "We wrestle not with flesh and blood, but with principalities, spiritual wickedness in high places," came to mind. As an author of spiritual warfare, myself; I must say I am hooked!! I love her writing style and I put her up there with C.S. Lewis, one of the greatest Christian Authors of all time.”

A Divine Love Story

This series is based on 1 Corinthians 13, the great love chapter. It depicts unconditional love through the lives of two childhood friends, Blake and Jasmine, and everyone that's attached to them. As the story unfolds, the books become a metaphor for marriage and how God designed it to reflect our individual relationship with Him. Blake and Jasmine must choose love against all odds: racism, injustice, abuse, death, violation, tragedy, and so much more...

A Divine Love Story Reviews

“This is my first time reading anything by this author and I was hooked. I was rooting for each of the characters and loved their storylines. If there is any book that should be made into a movie, this one is it. It deserves the 5 stars that I am giving it. Everyone should read this book, no matter your race or if you're male or female.”

“Wow, this book was eye opening, tear jerking, awareness revealing, LOVE fulfilling... We have all the tools WITHIN US to live a life of genuinely loving no matter the color of our skin. Reading this book was breathtaking, and my daily prayer is that one we as universe [sic] will be able to display the genuine love shown amongst the characters of this book... You did it again Melinda Michelle, and I'm anxiously waiting for your next book.”

“One of the most powerful and emotional stories I have ever read. I love everything about this story. Not only is it entertaining it also has some great messages within it. The love that is shared between the friends in the story is one that cannot be broken. I recommend that everyone read this book. I think that it should be a requirement in schools as well.”

“This book ministered to me in so many ways! Although I am single, the marital/relationship advice in these pages were profound. Damon and Justin are bae from now on... LOL! I loved their pearls of wisdom! The crew has really grown up since the first book... LOVE IT! But what IMPRESSED me the most is how Melinda wrote about current political events and had Justin explain the spiritual aspect of it all. That is much needed in these here spiritual streets. I pray that all those who read this book will receive in the spirit in which it was written. Melinda, you are still and will always be my Joshua... and my sister friend.”

“What can I say Melinda Michelle has done it again. I am trying to figure out how so much could take place in a novella and the message of love, trust, and forgiveness are expressed. Once you pick up the novella you are captivated by the read. Awesome read from the beginning to the end. #SheDidThat”

Reviews for Shorts, Novellas & Non-Fiction

“What I love about this story is the realness of it. How often do people live one life and present another? Reading this story caused me to reevaluate somethings in my life and make the necessary changes. Yes, it's that deep.” (Reviewer for “Guilty of the Body and the Blood”)

“This story was super good! If you ever need to answer the question for someone that "If God is so real, why does He let bad things happen to good people?", then read A Date with Death. This short yet powerful story really speaks to the heart of a believer and a nonbeliever.” (Reviewer for “A Date with Death”)

“This was a very good interactive workbook! The author shared with us how to break sexual stronghold[s] through fasting, praying and engaging in spiritual warfare. So many scriptures were given with detailed information. I love how the teacher in the author comes to life in this. This was an excellent journal too.” (Reviewer for “Misery Loves Company”)

FAQs

Q: Why are the warfare books named after the days of the week?

A: The idea for the first book came from hanging out with my friends at Sunday Dinner, which was the original name of the book. Once it took on a spiritual aspect I didn't want to let go of the "Sunday" connection. As the other books formed in my mind it seemed like a cool theme, plus the number seven means completion.

Q: How do you come up with the imagery for the spiritual characters?

A: I actually see them in dreams and visions. I honestly just write what I see. Other than researching medieval names and weaponry, I have no point of reference for their descriptions. My books are divinely inspired.

Q: What's next for the characters after Saturday?

A: A new war begins in Book 8 with the conception of a new baby. I believe the series will end with Book 12.

Q: How did you research the different ethnicities in the love story?

A: I actually reached out to many different people and no one was willing to open up honestly about their issues concerning racial things. I was forced to go to the internet and research stereotypes for every ethnicity represented. I also included personal experiences.
